One of the most famous explorers of the eighteenth century was Captain James Cook. Cook was a British naval officer who made three voyages to the Pacific Ocean. On his first voyage, he explored the coast of New Zealand and discovered the Great Barrier Reef. On his second voyage, he explored the Antarctic and discovered the Sandwich Islands (now known as Hawaii). On his third voyage, he was killed by natives in Hawaii.

Another famous explorer of the eighteenth century was Alexander von Humboldt. Humboldt was a German naturalist who traveled to South America, Central America, and Mexico. He collected a vast amount of information about the geography, plants, and animals of these regions. Humboldt's work helped to lay the foundation for the modern science of ecology.

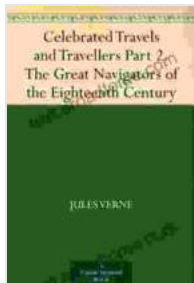

These are just two of the many famous explorers who are featured in **Celebrated Travels And Travellers**. This book is a must-read for anyone who is interested in exploration, adventure, and discovery.

Here are some of the other explorers who are featured in the book:

- Christopher Columbus
- Vasco da Gama
- Ferdinand Magellan
- Jacques Cartier
- Samuel de Champlain
- Henry Hudson
- William Dampier
- George Vancouver

These explorers changed the course of history by exploring the unknown. They discovered new lands, new cultures, and new resources. Their work helped to shape the world we live in today.

Celebrated Travels And Travellers is a fascinating and inspiring account of the lives and achievements of these great explorers. It is a must-read for anyone who is interested in exploration, adventure, and discovery.
