The Province of Macerata, located in the heart of Italy's Marche region, is a land of stunning natural beauty that can only be fully appreciated from above. Our new book, *Flying Over the Province of Macerata*, takes you on a breathtaking aerial journey over this enchanting region.

With over 200 stunning aerial photographs, this book showcases the province's diverse landscapes, from the rolling hills of the Sibillini Mountains to the pristine beaches of the Adriatic Sea. You'll see ancient towns and villages nestled in the hills, vineyards and olive groves stretching out across the countryside, and crystal-clear rivers flowing through lush valleys.

Our photographers have captured the province's most iconic landmarks from a unique perspective, including the Basilica of San Nicola in Tolentino, the Sferisterio opera house in Macerata, and the medieval fortress of San Leo.

But Flying Over the Province of Macerata is more than just a collection of beautiful pictures. It's also a celebration of the province's rich history and culture.

Our accompanying text provides a fascinating insight into the region's past and present, from its ancient Roman roots to its role in the Italian

Renaissance. You'll learn about the province's famous sons and daughters, including the poet Giacomo Leopardi and the composer Gioachino Rossini.

If you're planning a trip to the Province of Macerata, *Flying Over the Province of Macerata* is the perfect companion. It will help you plan your itinerary and discover the hidden gems that only locals know about.

And if you're just an armchair traveler, this book will transport you to one of the most beautiful regions in Italy.
