In her captivating memoir, *Postcards from Venus: Nappily Ever After*, Vénus Opal Rémy takes us on a raw and honest journey of self-discovery and acceptance. Through her personal experiences, she explores the complex and often conflicting messages that society sends to women of color about their hair, their bodies, and their worthiness.

Growing up, Vénus struggled to love her natural curls. She longed for straight, silky hair like the girls she saw in magazines and on TV. But as she got older, she began to realize that her unique beauty was something to be celebrated, not hidden away.

Through a series of powerful and personal essays, Vénus shares her journey of self-acceptance. She writes about the trials and tribulations of growing up with textured hair, the challenges of dating while Black, and the importance of finding love within herself.

Postcards from Venus is a must-read for anyone who has ever struggled with self-love and acceptance. Vénus's story is both inspiring and relatable, and it will leave you feeling uplifted and empowered.
